NORTHWEST CASE

FOREWORD

This Register we have wanted for many years. Gonzaga, our Alma Mater, has educated some five thousand young men of the Northwest. Every living man of the five thousand and, as we believe, every living member of the Faculty past and present, is anxious to know the whereabouts and the successes of every fellow student or classmate or alumnus.

An effort has been made to get complete data and we have succeeded only in part; but we have deemed it better to compile and print what we have than wait any longer. We are grateful for all help we received. For want of addresses we found it utterly impossible to have our information blanks mailed to all. To have this Register complete is a duty which every student owes to the institution as well as to his fellow students and classmates. In a very few years we hope to print a more complete edition. Any reader therefore who finds that we have omitted information that he can supply or have made a mistake that he can correct will do us a favor by addressing our committee at the University.

The present student body of the University is not listed, nor do we include the Jesuit members of the classes of Philosophy and Science who finished their course after 1916 in the new St. Michael's Hall, Hillyard. The names of students who attended only a short while are also omitted.

Where all information was obtained, we placed after the student's name (1) the years he spent at Gonzaga, (2) the highest class he attended, adding c. where he completed a course in which no degree is conferred, (3) the degree conferred by Gonzaga, (4) the degree he attained elsewhere, (5) his profession or position with a firm or corporation, and lastly (6) his mailing address if it be different from that of his firm.

GONZAGA REGISTER COMMITTEE,

Rev. James M. Brogan, S. J.
A. M. Jung

UNIVERSITY ORGANIZATIONS

GONZAGA ALUMNI ASSOCIATION

The object of this association is to foster and perpetuate among its members the friendships of college days and to assist one another in realizing in the work-a-day world the ideals of their Alma Mater; to cherish and advance her interests; to maintain her honor and sustain her reputation by manly and honorable conduct; to encourage the spread of science; to cultivate virtue, and to hold at stated times re-unions at the University and elsewhere.

Dues are $3.00 per annum, payable in advance on Sept. 1, of each year.

Graduates from the College of Arts and Sciences and from the College of Law are ipso facto members on payment of the dues. Students who have had at least one year in the college or law course or who have completed the Commercial Course become members on payment of the dues and election by the Executive Committee. This committee is made up of one member of each graduating class, whether Arts or Law, with representation from the Commercial students who have finished the course, and from the under-graduates of other departments. The Executive Committee elects the officers, holds monthly meetings, and transacts the ordinary business of the association.
